CAPTURE THE STATE!

On your trip, try to identify how many state license plates you can see. You can help each other by calling out license plates for everyone to match on their list. Put a checkmark on the states for which you find license plates.

A FROSTY QUOTE

Quote boxes are fun little puzzles that take all of the letters in a quote that you provide and it lines them up into a table. The letters in each column of the table are then mixed up so that you have to decode them.

To solve Quote Boxes, drop the letters from each vertical column — not necessarily in the order in which they appear — into the empty squares below them to spell a quotation that reads from left to right, line by line. Black squares indicate ends of words (spaces).

BINGO!

Insert random numbers between 1 and 100 in your blank bingo card below. Once everyone has their bingo card filled in, have the driver call out numbers randomly. Mark off the number, if you have it on your board, when the driver calls it out. The first person to get five numbers in a row — either horizontally, vertically, or diagonally, wins the round.

ADVENTURE WITH SANTA (CLUES)

Santa Claus just finished up delivering his gifts when he discovered he had missed four gifts. Christmas morning was almost upon him so he got the help of two young boys and two beautiful girls. They each chose one of Santa's Reindeer to ride to their destination. Each of the presents went to a child on a different continent so they had to hurry!

Use the clues below and the worksheet on the prior page to figure out the following three things about each of Santa's young helpers:

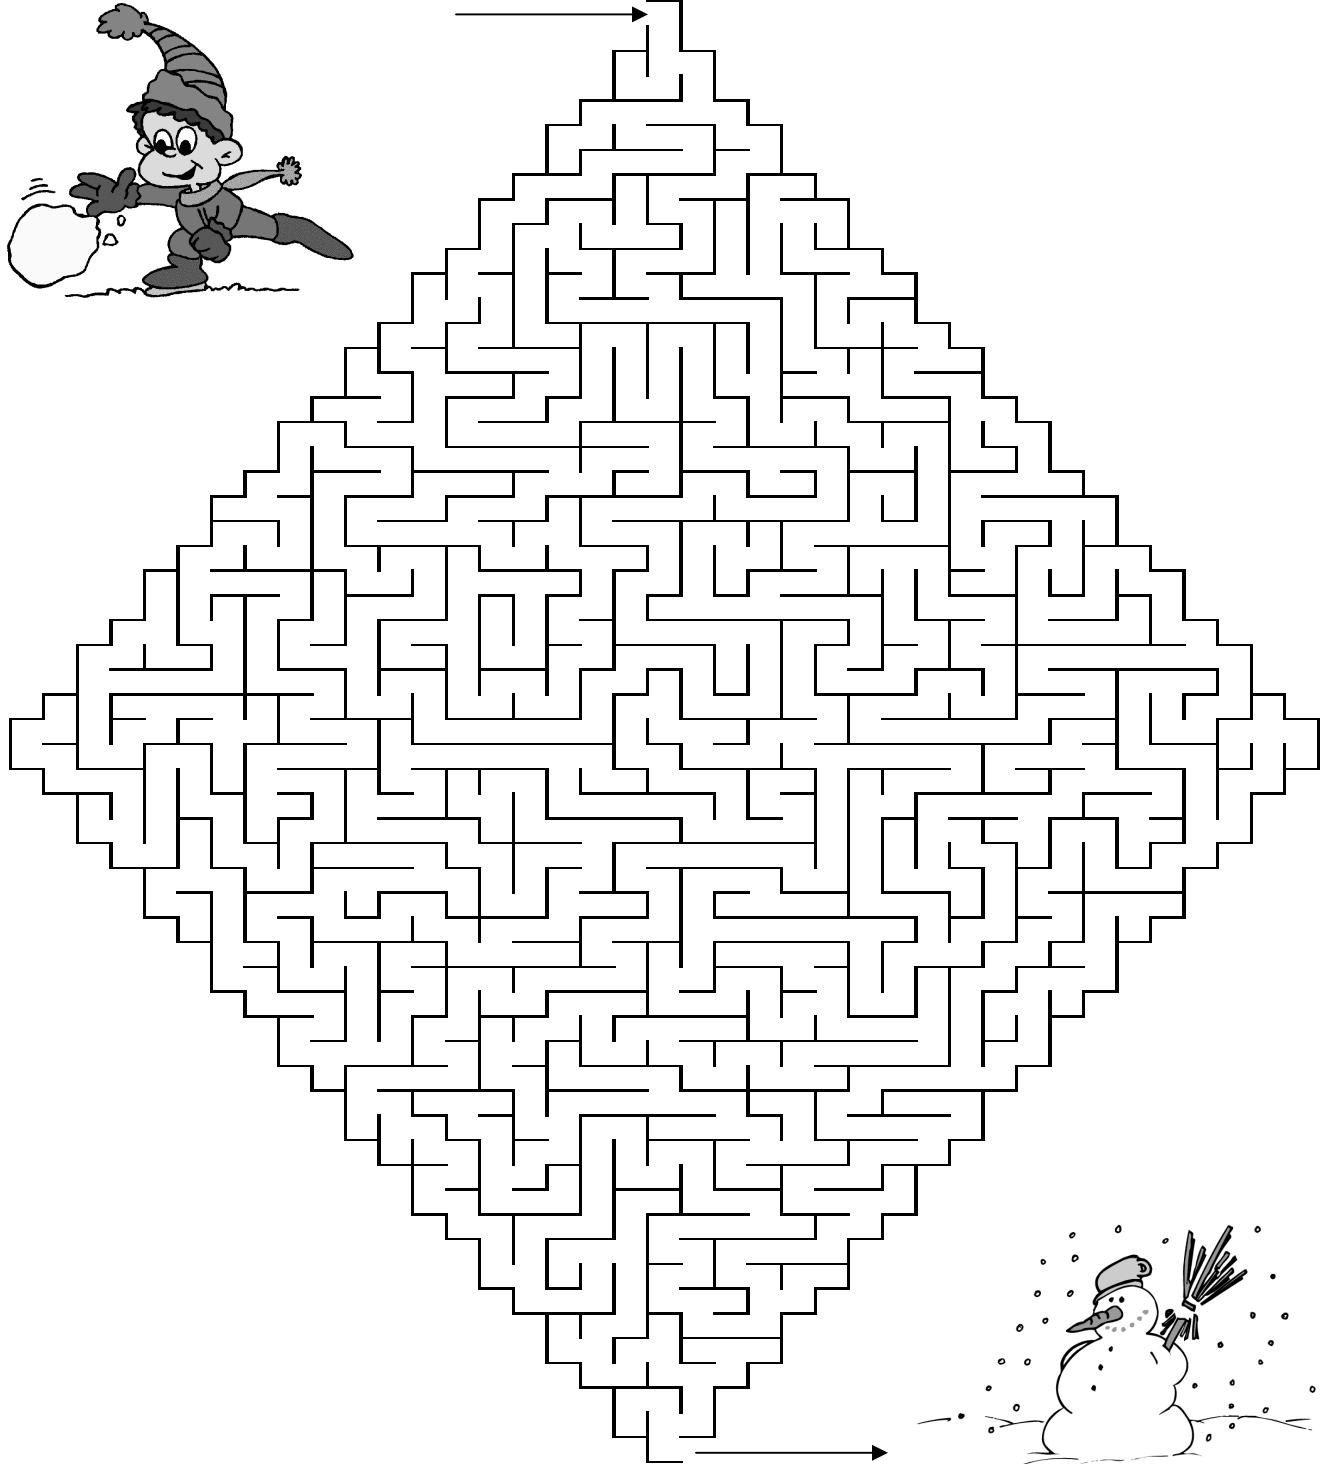

- What Reindeer did they each ride
 - What gift did they each deliver
 - To which continent did they make their delivery.
1. Jace and Fin are both boys
 2. Only Cupid and Dancer knew the way to Africa
 3. The drums were too big to take to Asia
 4. Jace rode a reindeer whose name starts with the letter "D"
 5. One of the boys delivered the fire truck
 6. The coloring book went to a young girl in South America.
 7. Neither boy went to the Americas.
 8. Dancer did not travel to Africa or Asia
 9. Chloe's gift only has one syllable.
 10. Fin did not take the coat, nor did he ride Dasher
 11. The drums were not carried on a reindeer whose name starts with a "D"
 12. The coat went to the Eastern Hemisphere.
 13. The person riding Dancer had the coloring book.
 14. Neither Gretchyn nor Chloe went to Asia.
 15. The fire truck went to a young boy in Africa.
 16. Neither girl was responsible for delivering the coat.

PAPER BATTLESHIP

RULES

Two players play the game. At the beginning of the game, each player places their ships on the "Your Ships" board. Use the letters in the "SHIPS" key below to indicate each ship. The ships can be placed either horizontally or vertically. Each ship gets a specific number of consecutive letters to identify it on the board.

Once the ships have been placed on the board, each player will take turns calling out a spot on the grid using a number/letter combination (eg. B4). If the other player does not have a ship at that location they call out "MISS" and the first player marks an "/" in that cell to indicate a miss. If there is a ship at that coordinate, then the other player calls out "HIT". In this case, the first player would mark an "X" in that cell to indicate that part of a ship is in that space.

When a player hits all of the cells for a ship, then the other player has to report that their ship was "SUNK".

It is useful for a player to keep track of the hits and misses of the other player by marking those shots on his/her own "Your Ships" board.

The first player to sink the other player's ships wins the game.
