Instructions: You need at least two players for this game. You will play two rounds. **ROUND 1:** You will choose a topic for this round. It could be names of people you know, names of places, names of famous people, names of foods, etc. The object of Round 1 is to find a correct word or two words (eg. For names: Sam Smith) for every letter of the alphabet. Only the first word would need to start with the corresponding letter. Tally up the number of letters completed for the round. **ROUND 2:** Swap papers so that everyone has a paper that was not theirs for the prior round.

Player: _____

For this round you can choose to

Player: _____

A either use the same topic as Round 1 or

B use a different topic. Now, for every row in Round 1,

C take the last letter of each word and

D place it as the first letter for each corresponding row in Round 2.

E Play the game as before and tally up the number of rows completed.

F Add up points for each player from Rounds 1 & 2. The person with the largest total from both rounds combined is the winner.
